

# C Hashir

Video Editor , Ai Content Creator , Film Maker

Kozhikode, India

---

With over 5 years of hands-on experience in video editing and visual storytelling, I bring a dynamic skill set that blends creativity with precision Including Gen Ai technology . I've worked across a range of formats—from short films and ad content to a major feature film, where I contributed as both Assistant Director and Assistant Editor.

In my most recent role as Post-Production Head, I led the editing pipeline for an entire film, overseeing the transition from raw footage to final cut. I'm passionate about building compelling narratives, whether through sharp editing, thoughtful direction, or evocative camera work.

## Skilled in:

Video Editing (Adobe Premiere Pro, DaVinci Resolve, etc.)

Ai Creation ( Higgsfield, Magnific Ai , HeyGen )

 Direction & Cinematography

 Scriptwriting & Concept Development

 Production & Post-Production Supervision

I also independently create branded content, promotional videos, and cinematic short films—managing everything from script to screen.

Always on the lookout for creative collaborations that push boundaries and bring stories to life.

---

## WORK EXPERIENCE

### Oaks Wedding

Video Editor

Edited cinematic wedding films, teasers, and social media highlights tailored to each couple's story. Worked closely with cinematographers and clients to deliver emotionally engaging, high-quality edits. Ensured smooth post-production workflows, maintained visual consistency, and met tight delivery deadlines.

## Fairbay Films

Movie .Assistant Director, Assistant Editor, Post Production Head  
Worked across key roles in a feature film production "VALA" —supporting direction, editing, and leading post-production. As Assistant Director, managed shoot coordination, scheduling, and on-set execution. As Assistant Editor, assisted in syncing, rough cuts, and maintaining editing timelines. Later promoted as Post-Production Head, overseeing the entire post pipeline including editing, sound, color grading, and final mastering. Ensured a smooth creative workflow from raw footage to final release.
